Accepts contributions up to a state mandate cap of \$1M per year. The cap is generally reached by early November but this is not guaranteed.

All contributions received after the cap is reached are returned.

How does it work?

- The state of Arizona offers its taxpayers the opportunity to make contributions to schools and other qualifying non-profit organizations that reduce the amount of tax owed to the state (or increase the amount of a taxpayer's refund) on a dollar-for-dollar basis.
- Arizona tax credits cannot reduce tax liability below zero. Unused credits can be carried over for up to 5 years.
- Arizona tax credits are no longer deductible on Federal Tax Returns.
- Discuss payments made prior to August 27th, 2018 with your tax return preparer to determine eligibility for tax deduction.

Advantages

- Redirect your tax dollars to causes of your choice
- Can reduce or eliminate the need for Arizona estimated tax payments
- Potential to save thousands of dollars in Arizona tax
- Benefits your favorite IRS approved charity

Requirements

- Must have a tax liability for at least the amount of your donation in order to take a tax credit
- Keep documentation/receipts for tax preparer and your records
- Must prepare and file appropriate Arizona tax forms in order to take the credit
- Contribution deadline of April 15th, 2020 (for 2019)
